CALLED ON M'KINLEY

Senator Fairbanks Discusses Cuban Matters With the President.

FAVORS PACIFIC MEASURES.

President Anxious to Know the Prospect For Currency Legislation—Senator Harris Talks With McKinley Regarding Government Claims Against Pacific Railroads—Seal Fishery Conference.

WASHINGTON, Nov. 16.—Senator Fairbanks of Indiana and Senator Elkins of West Virginia saw the president yesterday upon matters pertaining primarily to appointments in their states, but also discussed with Mr. McKinley the probable policy of the coming session of congress. Both Senators Elkins and Fairbanks agree with the president in the matter of Pacific measures regarding Cuba and Spain.

President McKinley is quite anxious to know what prospects there are for currency legislation and asks different senators who call for their opinion. Senator Harris of Kansas who took a prominent part in the last session of congress against the arrangements for the sale of the Union Pacific railroad, called on the president regarding the sale of the Kansas Pacific railroad. He said he believed the Kansas Pacific like the Union Pacific would bring the full amount of the government claim and thought as to the Central Pacific there might be some difficulty, yet he inclined to the opinion that the government would get its debt on this account also paid in full.

While pressure is still being brought to bear on the president for appointments, he is giving little time to such matters and prefers to work on his message. It is probable that the president will make no recommendation in his message upon the subject of general arbitration. The fact that he made his views clear on that subject in his inaugural address, and that no arbitration treaty will be pending when the annual message is sent in, makes it unnecessary to say anything further on the matter at this time.

PELAGIC SEALING.

Expected That the Bering Sea Conference Will Close Today.

WASHINGTON, Nov. 16.—The British, Canadian and American delegates to the Bering Sea meeting had confidently expected to bring their labors to a close yesterday, but after two arduous sessions lasting until night, the experts had not been able to reconcile all their differences. It was determined, therefore, to continue the meeting today. The experts have made good progress, reaching an agreement on all but three or four reserved propositions. These it is expected will be agreed upon today so that the expert report can be signed, and the meeting concluded so far as the experts are concerned. The intention is that General Foster, Sir Wilfrid Laurier and Sir Louis Davies will meet this evening and go over the results reported by the experts and, if possible, agree upon a basis of settlement. It was intimated last night that the Canadians might make a counter proposition, not going as far as the American representatives desire in the way of limiting pelagic sealing but yet offering a possible ground for amicable adjustment.

Report Is Believed.

WASHINGTON, Nov. 16.—No official information has been received here confirming the report cabled from Rio Janeiro that President Moraes has issued a decree declaring martial law for a period of 30 days. Nevertheless the report is credited in diplomatic circles. If there was evidence of the existence of a political conspiracy in connection with the recent attempt on the life of the president of the Brazilian republic, as the cable states, a suspension of civil rights, it is pointed out, would be necessary to accomplish the arrest of any member of the house of deputies or the senate who might be implicated in the conspiracy.

Will Not Be a Candidate For Senator.

WASHINGTON, Nov. 16.—There is no truth in the statement recently published to the effect that Secretary will be a candidate for the United States senate at next year's election in Connecticut. Secretary Porter declines to be interviewed on the subject but is emphatic in the assertion that under no circumstances will the use of his name be allowed in this connection.

Ex-Congressman Dead.

WASHINGTON, Nov. 16.—Ex-Congressman John M. Langston, colored, of Virginia, died here last night. He was formerly United States minister to Hayti.

ANOTHER CONTEST.

Suit Begun to Set Aside the Trust Will of the Late James A. Fair.

SAN FRANCISCO, Nov. 16.—Charles A. Fair has filed a contest of the will of the late James A. Fair, known as the trust will and dated September 21. He makes the contest independently, in accordance with an alleged agreement made with his sisters, Mrs. Herman Oelrichs and Miss Virginia Fair by the terms of which the trust will was threatened for any heir who should inaugurate a contest.

Judgment For \$65,000.

NEW YORK, Nov. 16.—A Brooklyn jury gave Mrs. Florence Van Schaack a verdict for \$65,000 against her father-in-law, Peter Van Schaack, for alienating her husband's affections. Peter Van Schaack is at the head of the firm of Van Schaack & Co., druggists at Chicago.

DR. EVANS DEAD.

Was a Staunch Friend of the United States During the War.

PARIS, Nov. 16.—Dr. Thomas W. Evans, the famous American dentist who facilitated the flight of ex-Empress Eugenie from Paris in 1870, died suddenly here last evening. The French emperor, Napoleon III, was one of Dr. Evans' best friends, as well as best patient, and the American dentist, in consequence, was in favor at court. Many of the improvements undertaken by Baron Haussmann, which made Paris the pleasure capital of the world, are said to have been undertaken on the advice of Dr. Evans.

Dr. Evans remained the friend of the United States during the civil war, buying American securities when they dropped to very low points, thus backing up his statements that the confederacy could not win. The doctor's patriotism had its reward, for the securities eventually built up a large part of his fortune.

OHIO OFFICIAL COUNT.

Republicans Have Five Majority On Joint Ballot In the Legislature.

COLUMBUS, Nov. 16.—The official count of the recent election shows the senate has 17 known Republican members, 18 known Democrats, and one fusion Republican elected on the Democratic ticket in Cincinnati; total, 36. The house has 58 known Republican members, 47 known Democrats and 4 fusion Republicans elected on the Democratic ticket in Cincinnati; total, 109. On joint ballot the Republicans have five majority. If they get the fusion Republicans the majority will be 11. Of the known Republicans three have declined to say how they will vote for United States senator. The Hanna men claim all of the other known Republicans which, if the claim is well founded, would give Mr. Hanna a majority of two on a joint ballot.

BLUE AND THE GRAY.

They Ate Out of the Same Haversack at the Chattanooga Campaign.

CHATTANOOGA, Tenn., Nov. 16.—Last night the Pennsylvania veterans who came here to dedicate their monuments to the memory of their heroism were entertained at a campfire at the city auditorium prepared by the local G. A. R. and confederate veterans. The blue and the gray mingled freely and ate out of the same haversack, drank from the same canteen and told yarns until the wee sma' hours.

The veterans left for their homes today delighted with the hospitality they received from the people of this section.

NATIONAL GRANGE.

Secretary Wilson to Address That Body Tomorrow.

HARRISBURG, Nov. 16.—At the session of the National Grange yesterday, Oliver Wilson of Illinois offered a resolution directing the worthy master to invite Secretary of Agriculture Wilson to address the body during its present convention. A telegram was sent to Secretary Wilson and he replied, stating that he would address the National Grange tomorrow.

The financial report of the executive committee showed that the per cent permanent invested funds amount to \$52,313.42, an increase of \$1,503.92.

Consul General Lee Calls on Blanco.

HAVANA, Nov. 16.—Consul General Fitzhugh Lee paid off the visits yesterday to Marshal Blanco, the governor general; General Pando (who has been assigned by Marshal Blanco to conduct the military operations in the field) and Senator Jose Gonzaga, the new secretary general of Cuba. He was courteously received by all and, according to the official account, subsequently expressed himself as well satisfied with the results of the interviews.

Knights of Labor Memorial Day.

LOUISVILLE, Nov. 16.—Yesterday the general assembly of the Knights of Labor voted unanimously to set apart the last Sunday in June as Labor Memorial Day. This day will be observed by all the district assemblies in the United States. It was expressly stated that the day should not be regarded in the light of a holiday. It was fixed upon Sunday especially because it could not be made a holiday with its attendant festivities.

New Cases of Yellow Fever.

JACKSON, Miss., Nov. 16.—One new case of yellow fever at Clinton and three new cases at Edwards and one death is the report received by the state board of health yesterday. No new cases or deaths are reported at the other infected points in the state. There were three new cases at Mobile.

Weather.

Indiana—Clearing and cooler, with a decided fall in temperature in southern portion.

Ohio—Rain, decidedly cooler.

BRIEF TELEGRAMS.

W. H. Harrison, editor of the Ashland (Miss.) Register, was stabbed to death by J. L. McDonald.

The United States supreme court has decided to issue immediately its mandate in the Durrant murder case.

The French liner La Gasconne has arrived in New York after a stormy voyage, in which the captain's bridge was washed away.

The government has arrested 28 Austrian stavecutters in Tennessee who were imported under contract and will deport them.

Collis P. Huntington denies the story that he intends to sell his holdings in the east and return to California permanently.

The supreme court of Wyoming has decided that an alien, to be entitled to vote, must be able to read the constitution in the English language.

The monthly statement of the government bureau of statistics shows the exports of domestic merchandise during October to have been \$109,483,842, a loss of nearly \$2,500,000, as compared with October, 1896.

DARGAI RIDGE FIGHT

Bloody Battle Between English Soldiers and Tribemen.

GORDON HIGHLANDERS' PLUCK

Soldiers Mowed Down In Their Attempt to Scale the Precipitous Ridge—Caught in a Dip and Shot From a Thousand Feet—The Enemy Finally Routed.

LONDON, Nov. 16.—The newspapers of this city have received graphic details by mail of the recapture of Dargai Ridge by the Gordon Highlanders on Oct. 20, during which that regiment exhibited remarkable dash and courage.

On Wednesday, Oct. 20, General Riggs sent the Second division to dislodge the tribesmen from the Dargai ridge. The position was a very strong one, the enemy occupying the summit of a precipitous hill. The top of this hill could be reached only by a single path along which the attacking force was obliged to climb in Indian file while three batteries of artillery shelled the breastworks of the hill men.

The movements of the British troops were fairly well covered, except in the case of a low dip, or small valley, from 100 to 150 yards wide, about half way up the ridge, which was exposed to direct fire from the summit of the cliffs. As the Gurkhas, supported by the Derbyshires and Dorsetshires, reached this fire zone the top of the cliffs burst into flame, for 1,000 tribesmen had reserved their fire until that moment. Though decimated, the Gurkhas struggled across the dip and lay down under cover for a moment in order to recover their breath. But the others could not follow and the enemy, with true military instinct, reserved their fire.

But the Gordon Highlanders had yet to be reckoned with. Rapidly forming his men, and after his now historic speech, "Men of the Gordon Highlanders: Our general says that position must be taken at all costs. The Gordon Highlanders will take it," Colonel Mathias, the commander of the Highlanders, dashed out at the head of his gallant regiment and in a moment they were across, carrying everyone with them in their crush, storming the ridge with a resolution that was irresistible and beating down all opposition.

When Colonel Mathias gave the order to advance he and his officers leaped into the open and the pipers of the Highlanders followed, striking up "Cock of the North," and with a shout the leading company of killed men was into the fire zone. A stream of lead swept over, through and past them, bullets churning up the dust which half hid the rushing bodies.

But the fire of the enemy was most deadly, the leading line melted away and it seemed that the Gordon Highlanders would be annihilated. More men, however, sprang into the passage and the leaders struggled across to the cover. It was there they saw how cruel the slaughter had been.

The enemy, seeing the barrier had been swept away, left their loop holes and rock barricades and fled precipitately down the reverse slopes, without waiting for the line of cold steel which was then nearly on the crest of the ridge.

LAST APPEAL.

Murderer Franz's Attorneys Ask the Governor to Save His Life.

COLUMBUS, O., Nov. 16.—The attorneys for Albert Franz yesterday made the last supreme effort to save his life. Colonel R. M. Nevin and Judge Kreitzer of Dayton, pleaded with the governor, asking commutation of the sentence to life imprisonment, in spite of the refusal of the state pardon board to make such recommendation. They were followed by Prosecutor Kuntler, who opposed interference.

Rev. Franz of Dayton secured an audience with Governor Bushnell yesterday afternoon and made an appeal to him in private for the life of his son. The governor gave no intimation that he would interfere.

Retired Capitalist Assigns.

MARION, Ind., Nov. 16.—D. B. Sweetser, a well known retired capitalist, made an assignment yesterday for the benefit of his creditors. The assets are about \$75,000, but no statement of liabilities are given. It is said Mr. Sweetser has sufficient property to pay all claims, and that the assignment was necessary to prevent a sacrifice of property.

Simp Trust Forming.

CHICAGO, Nov. 16.—Simp mixers of Chicago and other cities between the Alleghenies and the Missouri river, met at the Great Northern hotel yesterday and organized the Western Simp Refiners' association and to devise ways and means of protecting their business from utter demoralization.

Mexican Veteran Dead.

EFFINGHAM, Ill., Nov. 16.—Samuel Fortney, aged 77 years, is dead at his home in this city. He had been a resident of this county since 1838, having moved here from Tennessee. He was a veteran of the Mexican war, and had been police magistrate of this city eight consecutive years.

Detective Mullaney Arrested.

SOUTH BEND, Ind., Nov. 16.—James Mullaney, chief detective of the Lake Shore road, now under bond for the murder of Officer Christianson, has been arrested for supposed complicity in the Lake Shore train robberies, amounting to \$25,000.

Well Known Abolitionist.

NEW YORK, Nov. 16.—Albert Oliver Wilcox, a well known abolitionist and advocate of woman suffrage, is dead at Saratoga, N. Y., aged 87 years.

INVESTIGATING KETCHAM'S DEATH

Coroner's Verdict Will Probably Be a Victim of Alcoholism.

CHICAGO, Nov. 16.—The post mortem examination held by Dr. E. T. Hall, of the coronor's office, yesterday, on the body of John B. Ketcham the millionaire banker who died Sunday morning, revealed the fact that death was due to chronic alcoholism, no trace of any poison being found.

An inquest will be held by the coroner sometime today and it is probable that the verdict will entirely remove the cloud from the young and beautiful widow who was married to Mr. Ketcham Sept. 4, in Milwaukee and who, by the provisions of his will, becomes heir to his estate.

The post mortem revealed the fact that the stomach, liver and kidneys were all badly diseased, the organs being reduced to a state where it appeared that recovery, or even prolongation of life was impossible.

Dr. DeVeng, the family physician, explained that the deceased had for a long time been a victim of alcoholism and against the express wishes of himself and others who took an interest in him, he drank intoxicants steadily and persistently. His death, the physician said, was expected, and at no time during the last two months would the news of his death caused him surprise.

FOOTBALL DENOUNCED.

Governor of Arkansas Says the Game Is Brutal.

LITTLE ROCK, Nov. 16.—The governor of Arkansas is the first chief magistrate to disapprove of the game of football. In a letter to President J. L. Buchanan of the State University at Fayetteville, Governor Jones takes the recent game between the Fort Smith and the State University teams as a text and strongly condemns the sport as brutal and recommends there be a stop put altogether to the playing of the game by the students of the State University. The governor is ex-officio president of the State University board of trustees.

PREACHER STABBED.

Unknown Assassin Attempts to Kill Rev. Hugo Stuenkel.

RACINE, Wis., Nov. 16.—Rev. Hugo Stuenkel, pastor of the St. Paul German Lutheran church, lies in a precarious condition at his home, the result of a stab wound in the abdomen, received from an unknown assassin.

It was the preacher's desire to keep the matter quiet but he grew worse and friends were notified, who informed the police despite the earnest protests of the minister who insisted that the matter be hushed, but for what reason he refuses to state.

SHOT BY AN OFFICER.

Willis B. Campbell Snaps a Revolver at a Policeman and Is Killed.

SHELBYVILLE, Ky., Nov. 16.—Willis B. Campbell was shot and almost instantly killed by Policeman Oscar Duncan. Campbell was an ex-policeman and a very dangerous man when drinking. He was intoxicated at the time and very boisterous, and the officer asked him to keep quiet. He pulled his pistol and snapped it at the officer's face, when the latter shot him through the heart. Campbell leaves a wife, who was formerly Miss Jimmie Bell of this county.

BURNED TO DEATH.

Mother's Vain Efforts to Save Her Child From the Same Fate.

CLINTON, Ia., Nov. 16.—Mrs. Henry Payson was burned to death here in a vain effort to save her 4-year-old daughter Amelia from the same fate. The child's clothing was ignited from a bonfire, near which she was playing, and the mother, in an effort to extinguish the flames, caught the little one in her arms and held her there until both were fatally burned.

Ill-health is the "Sword of Damocles" that hangs suspended above the heads of thousands of men. In the end-of-the-century rush and crush, men forget and neglect everything but money-getting. They forget that the faculty for money-getting is in the long run dependent upon a sound mind in a sound body. The man who is too busy with his business to spare a moment to look after his health, will eventually lose both health and business. A man may be in too big a hurry. The man who would be permanently successful should take time to eat, time to digest his food, time to sleep, and time to look after the most precious endowment—his health.

Dr. Pierce's Golden Medical Discovery is the best-known medicine for the overworked man or woman. It keeps the system toned up. It makes the digestive system keep the appetite keen, and the bowels regular. It makes blood—pure, rich, life-giving blood—and lots of it. It builds flesh and muscle. It invigorates the nerves. Thousands have testified to the benefits derived from its use. Druggists sell it.

"I have used quite a number of bottles of your medicines and have received a great deal of benefit from them," writes Urban Howell, Esq., of Tallmanville, Wayne Co., Pa. "In 1887 I took six bottles of Golden Medical Discovery, and it cured me of the salt-rheum so that it did not break out again."

"The People's Common Sense Medical Adviser" is a well named book. It is all that its title implies. It has proved a daily help in over a million families. The book contains 1,003 pages—over 300 illustrations. 68,000 copies of this book have been sold at \$1.50 each. Now an edition, in heavy paper covers, is to be given away to whoever will send 21 cents in one-cent stamps to pay the cost of mailing only. Address, The People's Dispensary Medical Association, Buffalo, N. Y. A copy in fine cloth binding may be had for 10 cents extra.

RESIONS FROM ELKS

Robert Fitzsimmons Tenders His Withdrawal From Marion Lodge.

GROOM STOOD THE 'SQUIRE OFF

Herbert J. Fish, Who Shot Himself In the Brain, Will Recover—Glass Works at Redkey, Ind., Burned, Causing a Loss of \$35,000—Panhandle Freight Wreck—Heirs to a Dutch Fortune.

KANSAS CITY, Nov. 16.—In a letter, which he makes public, Robert Fitzsimmons, who is playing at one of the local theaters, tenders his resignation to membership in the Marion (Ind.) lodge, B. P. O. E., into which order he was initiated recently.

"Feeling that my admission to membership has placed your lodge in a position to be criticised, no matter how unjustly," says the letter, "I offer this resignation in the hope that your friendly relations with the order may be wholly restored."

FIRST ON RECORD.

Herbert J. Fish Who Shot Himself Through the Brain Will Recover.

VALPARAISO, Ind., Nov. 16.—Herbert J. Fish, a prosperous farmer of this county, on Nov. 4, shot himself through the brain. He is alive and will get well, the physicians say. If he does it will be the first case on record. The ball, a .38-caliber, entered the skull in the right temporal region, lodging in the posterior bone wall of the left eye-socket. In its course the bullet destroyed a large amount of brain matter (the brains oozing out through the wound), destroyed the nerve of smell and cut the optic nerves, letting the eyeballs drop forward. The patient rallied from the shock and last Thursday the bullet and eyeball were removed. Yesterday Fish was able to sit up and walk around the room, and at times is rational. His physicians think he will always be weak mentally, but physically he will recover.

GLASSWORKS BURNED.

Marietta Plant at Redkey Destroyed. Loss \$35,000.

REDKEY, Ind., Nov. 16.—The Marietta glassworks was destroyed by fire yesterday. A tank under the furnace exploded and soon the plant was in flames. The inadequate fire department was helpless, the firemen being compelled to stand idle while the factory was consumed. The loss is \$35,000. The company employed 200 hands. There were several narrow escapes when the explosion occurred. The plant will be rebuilt at once.

Purdue's Trustees Meet.

INDIANAPOLIS, Nov. 16.—The board of trustees of Purdue University met at the Denison House to consider the affairs of the institution. The president was authorized to raise two or three instructors to the dignity of professors. The institution is putting in a complete sewer system and has spent \$15,000 in improvements during the year. The board accepted a gift from Lafayette of a 2,000-gallon pump, and President Smart reported that the new compound locomotive, costing \$8,000, had been received.

Will Drill at Paris Exposition.

ANDERSON, Ind., Nov. 16.—Commander-in-Chief Kodeski, U. R. Catholic Knights of America, is arranging to participate in the Paris exposition prize drill. Pledges have been secured from 800 knights. Indiana will be represented by one company, Chicago by another, while a third will be contributed by Illinois at large. They will enter the pontifical and semi-military prize drills of the world.

Financial Reform.

KOKOMO, Ind., Nov. 16.—Kokomo is now in the throes of financial and economic reform. The council is wrestling with the problem of reducing expenditures, paying off the city debt and buying water works. It is announced that a proposition to reduce all salaries 10 per cent will be made at the next council meeting. Kokomo's city tax rate is \$1, which is lower than that of many other cities of the same size.

Working a Double Turn.

BRAZIL, Ind., Nov. 16.—The Central Iron and Steel company yesterday put on a double turn in nearly all of its departments, giving employment to a large number of men. This is the first time for over three years that a double turn has been worked.

Heirs to a Dutch Fortune.

WARSAW, Ind., Nov. 16.—Dr. I. B. Webber and Township Trustee Selden Webber of this city have fallen heir to \$40,000 each. The estate is that of the late Jan Webber, a wealthy merchant of Antwerp, Holland.

Panhandle Freight Wreck.

HEBROON, Ind., Nov. 16.—A Panhandle freight wreck occurred yesterday between here and Aylesworth, several cars jumping the track. The wreck was ignited and the caboose was burned. The conductor and brakemen escaped.

Child Burned to Death.

SHELBYVILLE, Ind., Nov. 16.—Philander Scripture, a farmer, built a fire to butcher hogs yesterday and while in the house, his 2-year-old daughter fell into the flames and was burned to death.

Sold His Newspaper.

COVINGTON, Ind., Nov. 16.—Thomas A. Clifton, has sold the Covington Republican to Clarence Case, formerly of the Attica News.

Thanksgiving Day.

INDIANAPOLIS, Nov. 16.—Governor Mount has issued his proclamation appointing Nov. 25 as Thanksgiving day.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

Missing Mother.

LEXINGTON, Ky., Nov. 16.—Mrs. Belle Graham, aged 55, is mysteriously missing. She is the mother of two daughters, aged 15 and 17, respectively, who have for three weeks diligently searched the city for her. They have applied to the police for aid. Mrs. Graham is rather comely, has Auburn hair, blue eyes and weighs about 130 pounds. Her daughters believe that she has been foully dealt with.

Lynched the State's Witnesses.

BISMARCK, N. D., Nov. 16.—An interesting legal question is presented by the lynching of three of the Spicer murderers. Two of the men, Holytrack and Ireland, were the state's witnesses, and without their testimony the state has no case against the two surviving suspects, Blackhawk and Defender. There is, therefore, now no possibility of convicting them before any tribunal.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Health Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

Dead Drugs.

Drugs cannot hold their virtue forever; they dry up and die like everything else.

You get only fresh, active drugs here. Our trade is large, we constantly supply physicians, and so our goods are kept moving and have no chance to get old. Then, we watch these things carefully, for we make a specialty of prescription work and the interests of our patrons demand the finest and freshest drugs to be had.

Bring your prescription to us and then you can feel sure about it.

W. F. PETER,
DRUGGIST.

WHY WE ARE IN The Drug Business.

We want to Please our Customers.
We want to Please the Physicians.
We want to Please Ourselves.

And that's why we are in the drug business exclusively. We make it a study; we have no time for anything else. Our stock is selected from the best the market affords. That's the best any druggist can do, great or small. But we do it. We are especially equipped for prescription work.

COURT NOTES.

Our attorneys and others went today to court.

Six boys were arraigned in Justice A. T. Simons' court yesterday and were each fined \$5 and costs for disturbing religious services at the Christian church. Sunday night.

No Damages

Judge Voyles has set aside the verdict of the jury in the "Orange Circuit Court, awarding Mrs. Rachel Rogers of Bloomington, \$1,000 damages against the city of Bloomington for injuries sustained by falling through a defective sidewalk in the fall of 1892. The case has been tried three times, once at Bedford, and Mrs. Rogers secured a verdict for damages, but in each instance the Supreme Court reversed the finding of the trial court.—Bedford Mail.

Don't delay; always be on time, for prevention is better than cure. All coughs and colds and such afflictions of the throat and lungs as lead to consumption are cured by Dr. Bull's Cough Syrup.

Christian Church.

Subject tonight: The influence of the Bible. A good audience and one addition last night. Subject Wednesday night: The future identity.

Cascarets stimulate liver, killay and bowels. Never sicken, weaken or gripe. 10c.

The sad death of Fireman Reuben May has cast a gloom over this community. Mr. May had a host of friends at this place who will ever remember him as the genial obliging man he was when he was in business in our community, without having an enemy.

It is stated that the new mogul freight engines on the Panhandle are developing remarkable speed. It is not an unusual thing for these engines on level, straight track, or when running down grade, to make a speed of fifty miles an hour, and one of them hauled one of the Panhandle express trains, by actual timing, with nine cars sixty miles an hour, which is remarkable speed for locomotives built for freight service.

John P. McLean's Great Newspaper.

Without a single exception, there
is no doubt no greater or more
popular newspaper in the United
States than the *Chicago Enquirer*;
as a more successful publisher than
its proprietor, Mr. John R. McLean.
The old-time prices for the *Daily
Enquirer* have been maintained, and
its circulation largely increased each
year; hard times and cheaper jour-
nals failing to arrest its onward march
and high appreciation of the public
its true worth and merit.

The *Weekly Enquirer* at beginning
of the campaign year was offered at
50 cents a year, and its circulation
increased by the addition of over
200,000 new subscribers; the most
substantial and coveted testimonial a
publisher could desire.

When asked for the secret of such
success, Mr. McLean frankly answers:
The *Enquirer* has no opinions to force
upon its patrons, it simply prints the
facts and tells the truth that the reader
may form his own opinions. By
maintaining the price of the paper,
more news and greater variety can be
furnished, and every class of business
interests catered to with a cheaper
journal cannot afford.

The very liberal supply given the
Enquirer by the public at large, makes
it incumbent upon the management
to serve it faithfully with zeal and en-
terprise in minor matters as well as
in those of greater magnitude.

IN THE ANIMAL KINGDOM.

The Duration of Life Varies According to
Circumstances.

Among the long lived in the animal
kingdom we may mention birds, fish
and reptiles, although even in the lower
animals the duration of life varies im-
mensely, according to the species. Of
fish, the carp are especially long lived.

Among birds, some of the parrot spe-
cies are supposed to live over 100 years.

The swan, the raven, the eagle, are also
credited with great length of life.

In the mammalia, the elephant at-
tains the greatest age. It grows for 25
to 30 years and is said to live from 100
to 150 years and even longer. We have
no accurate means of ascertaining the
whale's age. A lion is said to have lived
70 years in the Tower, but there is no evi-
dence that he attained anything like that
age in the natural state. Forty years is
recorded by naturalists as the extreme
age. The camel may attain the age of
50. It eats little and drinks less. The
horse is comparatively a short lived ani-
mal, but it is a well known fact that
when he does little work and passes the
greater part of his days in pasture he
may attain to about 40 years of life, but
when a horse is hard worked and fed,
moreover, upon beans, oats and other
ossifying foods his days are much short-
ened.

In the vegetable kingdom the yew at-
tains great age. Those at Fontaine ab-
bay are about 1,200 years old. Two
orange trees at Rome, planted respec-
tively by St. Dominic and Thomas
Aquinas, are said to be from 500 to 600
years old, and there are records of tropi-
cal trees that, counting by their rings,
are supposed to have attained the age
of 800 to 1,000 years.—Nineteenth Cen-
tury.

Mixed English.

American and English tourists who
visited Ischl, in Austria, recently were
confronted with the following notice on
a signboard over the door of one of the
hosteries of the place, "To the gentle-
men Englishers and Americans, here
you become asses." Upon inquiry it
was learned that the purport of the sin-
gular sign was that the proprietor of the
place had donkeys to let which were
used for excursions into the neighboring
mountains. A much traveled cobbler,
who professed to be able to master the
English language, was responsible for
the unique wording of the sign. He had
translated the German sentence, "An
die Herren Engländer und Amerikaner,
hier bekommt ihr Esel," the latter four
words meaning "here you can hire
asses."

Patience.

Patience is a most necessary quali-
fication for business. Many a man would
rather you heard his story than granted
his request. You must learn to bear the
unreasonable demands of the petu-
lant unmoved and the tedious details
of the dull untired. That is the least
price that a man must pay for a high
statica.—New York Ledger.

Don't bolt your food, it irritates your
stomach. Choose digestible food and
chew it. Indigestion is a dangerous
sickness. Proper care prevents it.
Shaker's Digestive Cordial cures it.
That is the long and short of indiges-
tion. Now, the question is: Have you
got indigestion? Yes, if you have pain
or discomfort after eating, headache,
dizziness, nausea, offensive breath,
heartburn, languor, weakness, fever,
jaundice, flatulence, loss of appetite, ir-
ritability, constipation etc. Yes, you
have indigestion. To cure it, take
Shaker's Digestive Cordial. The medi-
cinal herbs and plants of which Shaker
Digestive Cordial is composed, help to
digest the food in your stomach, help
to strengthen your stomach. When
your stomach is strong, care will keep
it so. Shaker's Digestive Cordial is for
sale by druggists, price 10 cents to \$1.00
per bottle.

CHURCH NOTES.

An intelligent audience was present
at the Adventist Lall last evening to
listen to a partial review of the subject:
"The Lord's Day or the Sabbath
Which?" The review will be continued
this evening discussing that the law
was only given to Abraham and his
seed; Christ fulfilling the law thus
abolishing the ten commandments,
nailing it to the cross. These with
other points will be noticed this even-
ing. A cordial invitation is ex-
tended to all.

YOUNG MEN'S CHANCES.

Test Avenues to Success Are Found Out-
side Our Largest Cities.

"Business conditions of the great cit-
ies are not favorable to young men,"
writes Edward W. Bok in *The Ladies'*
Home Journal, advising young men
about to begin their careers against go-
ing to the big cities. "It is said," he
continues, "that competition develops
men. It does unquestionably. But to
cope with present competition as it ex-
ists in the centers calls for a vast
amount of experience. That experience
a man must have back of him before he
can enter the competing arena. 'But
how can I better acquire that experience
than where there is constant need of it?'
How better, my young friend? By serv-
ing a long apprenticeship in some city
smaller than the greatest. The large
cities are today poor places in which to
learn the rudiments of business com-
petition, for while the young man is
learning the experienced man swallows
him up. 'But that is experience,' per-
sists the young man. It is, but a more
severe kind than there is need of—a
kind which, once indulged in, does not
leave a pleasant remembrance. Competi-
tion in a smaller city may be just as
keen proportionately; but, what is all
important to the young man starting
out, the risks are not so great, the ex-
perience is not apt to be so costly
should he fail to succeed. It is a true
saying that a man before he succeeds in
business must expect to measure his
height on the ground a time or two.
But it is not necessary that in his first
knockdown he should be knocked out."
But there is another and more im-
portant fact which the young man
away from the large cities does not
realize. It is that the number of pos-
sible positions in the large cities is not
increasing, despite the reiterated asser-
tions constantly made to the contrary.
The very opposite is the truth. Various
causes explain this—higher taxes, high-
er prices of lots, or lack of building
room, labor strikes and lower cost of
production. The manufacturing inter-
ests of this country are constantly tend-
ing toward the smaller cities and away
from the centers. And this means fewer
positions, since only in rare instances
does the executive branch of a business
call for a larger number of employees
than does the manufacturing side. Strange
as the change of current may seem, it
is nevertheless a fact that the young
man who today leaves a good sized
city of actual manufacturing advan-
tages turns his back on what in a
few years will be one of the industrial
beehives of America."

Diamonds in an Extinct Volcano.
An interesting discovery from a geo-
logical point of view was recently made
by an explorer in the mountains of Wit-
tizes Hook, Natal. On the summit of an
extinct volcano, on the edge of a lake
that occupies the crater, soundings re-
vealed a layer of sand inclosing small
diamonds. It would be interesting to
know whether these diamonds were
there accidentally—that is, as the re-
sult of washing operations carried on
by the natives—or whether this discovery
corresponds to an actual mine of
diamonds, for the hills of Wittizes Hook
are not situated in regions known to
be diamond bearing. On the last hypoth-
esis the presence of precious stones in
the crater of a volcano would doubtless
throw some light on the formation of
the gems in nature.—Genie Civil.

The Kaffirs.
The Kaffirs are great philosophers.
If an ox should die, the owner never
grieves, but remarks: "Now I must go
to work for master (all white men who
treat them well are called masters), and
in six months he will give me a cow.
It will have a calf. If it is a bull calf,
in a year I'll have a pair of oxen, but
should it be a heifer calf I'll have the
richer, for the next year I'll have two
calves instead of one."—New York
Tribune.

ONE OF TWO WAYS.

The bladder was created for one pur-
pose, namely, a receptacle for the urine,
and as such it is not liable to any form
of disease except by one of two ways.
The first way is from imperfect action
of the kidneys. The second way is from
careless local treatment of other disease.

CHIEF CAUSE.

Unhealthy urine from unhealthy kid-
neys is the chief cause of bladder trou-
bles. So the word, like the bladder
was created for one purpose, and if not
doctor it too much is not liable to
weakness or disease, except in rare
cases. It is situated back of and very
close to the bladder, therefore any pain,
disease or inconvenience manifested in
the kidneys, back, bladder or urinary
passage is often, by mistake, attributed
to female weakness or womb trouble or
some sort. The error is easily made and
may be as easily avoided. To find out
correctly, set your urine aside for
twenty-four hours—sediment or settling
indicates kidney or bladder trouble.
The mild and the extraordinary effect
of Dr. Kilmer's Swamp Root, the great
kidney and bladder remedy is soon
realized. If you need any medicine you
should have the best. At druggists fifty
cents and one dollar. You may have a
sample bottle and pamphlet, but sent
free by mail. Mention the *Re-
publican* and send your address to D.
Kilmer & Co., Birmingham, N. Y. T.

CALLED ON M'KINLEY

Senator Fairbanks Discusses Cuban
Matters With the President.

FAVORS PACIFIC MEASURES.

President Anxious to Know the Prospect
For Currency Legislation—Senator Harris
Talks With McKinley Regarding
Government Claims Against Pacific
Railroads—Seal Fishery Conference.

WASHINGTON, Nov. 16.—Senator Fairbanks of Indiana and Senator Elkins of West Virginia saw the president yesterday upon matters pertaining primarily to appointments in their states, but also discussed with Mr. McKinley the probable policy of the coming session of congress. Both Senators Elkins and Fairbanks agree with the president in the matter of Pacific measures regarding Cuba and Spain.

President McKinley is quite anxious to know what prospects there are for currency legislation and asks different senators who call for their opinion.

Senator Harris of Kansas who took a prominent part in the last session of congress against the arrangements for the sale of the Union Pacific railroad, called on the president regarding the sale of the Kansas Pacific railroad. He said he believed the Kansas Pacific like the Union Pacific would bring the full amount of the government claim and thought as to the Central Pacific there might be some difficulty, yet he inclined to the opinion that the government would get its debt on this account also paid in full.

While pressure is still being brought to bear on the president for appointments, he is giving little time to such matters and prefers to work on his message.

It is probable that the president will make no recommendation in his message upon the subject of general arbitration. The fact that he made his views clear on that subject in his inaugural address, and that no arbitration treaty will be pending when the annual message is sent in, makes it unnecessary to say anything further on the matter at this time.

PELAGIC SEALING.

Expected That the Bering Sea Conference Will Close Today.

WASHINGTON, Nov. 16.—The British, Canadian and American delegates to the Bering sea meeting had confidently expected to bring their labors to a close yesterday, but after two arduous sessions lasting until night, the experts had not been able to reconcile all their differences. It was determined, therefore, to continue the meeting today. The experts have made good progress, reaching an agreement on all but three or four reserved propositions. These it is expected will be agreed upon today so that the expert report can be signed, and the meeting concluded so far as the experts are concerned. The intention is that General Foster, Sir Wilfrid Laurier and Sir Louis Davies will meet this evening and go over the results reported by the experts and, if possible, agree upon a basis of settlement. It was intimated last night that the Canadians might make a counter proposition, not going as far as the American representatives desire in the way of limiting pelagic sealing but yet offering a possible ground for amicable adjustment.

Report Is Believed.

WASHINGTON, Nov. 16.—No official information has been received here confirmatory of the report cabled from Rio Janeiro that President Moraes has issued a decree declaring martial law for a period of 90 days. Nevertheless the report is credited in diplomatic circles. If there was evidence of the existence of a political conspiracy in connection with the recent attempt on the life of the president of the Brazilian republic, as the cable states, a suspension of civil rights, it is pointed out, would be necessary to accomplish the arrest of any member of the house of deputies or the senate who might be implicated in the conspiracy.

Will Not Be a Candidate For Senator.

WASHINGTON, Nov. 16.—There is no truth in the statement recently published to the effect that Secretary to the President John Addison Porter will be a candidate for the United States senate at next year's election in Connecticut. Secretary Porter declines to be interviewed on the subject but is emphatic in the assertion that under no circumstances will the use of his name be allowed in this connection.

Ex-Congressman Dead.

WASHINGTON, Nov. 16.—Ex-Congressman John M. Langston, colored, of Virginia, died here last night. He was formerly United States minister to Hayti.

ANOTHER CONTEST.

Suit Begun to Set Aside the Trust Will of the Late James A. Fair.

SAN FRANCISCO, Nov. 16.—Charles A. Fair has filed a contest of the will of the late James A. Fair, known as the trust will and dated September 21. He makes the contest independently, in accordance with an alleged agreement made with his sisters, Mrs. Herman Oelrichs and Miss Virginia Fair by the terms of which alleged agreement Charles Fair was and is protected from the loss which the trust will threatened for any heir who should inaugurate a contest.

Judgment For \$65,000.

NEW YORK, Nov. 16.—A Brooklyn jury gave Mrs. Florence Van Schaack a verdict for \$65,000 against her father-in-law, Peter Van Schaack, for alienating her husband's affections. Peter Van Schaack is at the head of the firm of Van Schaack & Co., druggists at Chicago.

DR. EVANS DÉAD.

Was a Staunch Friend of the United States During the War.

PARIS, Nov. 16.—Dr. Thomas W. Evans, the famous American dentist who facilitated the flight of ex-Empress Eugénie from Paris in 1870, died suddenly here last evening.

The French emperor, Napoleon III, was one of Dr. Evans' best friends, as well as best patient, and the American dentist, in consequence, was in favor at court. Many of the improvements undertaken by Baron Haussmann, which made Paris the pleasure capital of the world, are said to have been undertaken on the advice of Dr. Evans.

Dr. Evans remained the friend of the United States during the civil war, buying American securities when they dropped to very low points, thus backing up his statements that the confederacy could not win. The doctor's patriotism had its reward, for the securities eventually built up a large part of his fortune.

OHIO OFFICIAL COUNT.

Republicans Have Five Majority On Joint Ballot In the Legislature.

COLUMBUS, Nov. 16.—The official count of the recent election shows the senate has 17 known Republican members, 18 known Democrats, and one fusion Republican elected on the Democratic ticket in Cincinnati; total, 36. The house has 58 known Republican members, 47 known Democrats and 4 fusion Republicans elected on the Democratic ticket in Cincinnati; total, 109. On joint ballot the Republicans have five majority. If they get the fusion Republicans the majority will be 11. Of the known Republicans three have declined to say how they will vote for United States senator. The Hanna men claim all of the other known Republicans which, if the claim is well founded, would give Mr. Hanna a majority of two on a joint ballot.

BLUE AND THE GRAY.

They Ate Out of the Same Haversack at the Chattanooga Campaign.

CHATTANOOGA, Tenn., Nov. 16.—Last night the Pennsylvania veterans who came here to dedicate their monuments to the memory of their heroism were entertained at a campfire at the city auditorium prepared by the local G. A. R. and confederate veterans. The blue and the gray mingled freely and ate out of the same haversack, drank from the same canteen and told yarns until the wee small hours.

The veterans left for their homes today delighted with the hospitality they received from the people of this section.

NATIONAL GRANGE.

Secretary Wilson to Address That Body Tomorrow.

HANOVER, N. H., Nov. 16.—At the session of the National Grange yesterday, Oliver Wilson of Illinois offered a resolution directing the worthy master to invite Secretary of Agriculture Wilson to address the body during its present convention. A telegram was sent to Secretary Wilson and he replied, stating that he would address the National Grange tomorrow.

The financial report of the executive committee showed that the per cent permanent invested funds amount to \$52,313.42, an increase of \$1,503.92.

Consul General Lee Calls on Blanco.

HAVANA, Nov. 16.—Consul General Fitzhugh Lee paid off the visits yesterday to Marshal Blanco, the governor general; General Pando (who has been assigned by Marshal Blanco to conduct the military operations in the field) and Senor Jose Conzosto, the new secretary general of Cuba. He was courteously received by all and, according to the official account, subsequently expressed himself as well satisfied with the results of the interviews.

Knights of Labor Memorial Day.

LOUISVILLE, Nov. 16.—Yesterday the general assembly of the Knights of Labor voted unanimously to set apart the last Sunday in June as Labor Memorial day. This day will be observed by all the district assemblies in the United States. It was expressly stated that the day should not be regarded in the light of a holiday. It was fixed upon Sunday especially because it could not be made a holiday with its attendant festivities.

New Cases of Yellow Fever.

JACKSON, Miss., Nov. 16.—One new case of yellow fever at Clinton and three new cases at Edwards and one death in the report received by the state board of health yesterday. No new cases or deaths are reported at the other infected points in the state. There were three new cases at Mobile.

Weather.

Indiana—Clearing and cooler, with a decided fall in temperature in southern portion.

Ohio—Rain, decidedly cooler.

DARGAI RIDGE FIGHT

Bloody Battle Between English Soldiers and Tribemen.

GORDON HIGHLANDERS' PLUCK

Soldiers Mowed Down In Their Attempt to Scale the Precipitous Ridge—Caught in a Dip and Shot From a Thousand Feet—The Enemy Finally Routed.

LONDON, Nov. 16.—The newspapers of this city have received graphic details by mail of the recapture of Dargai Ridge by the Gordon Highlanders on Oct. 20, during which that regiment exhibited remarkable dash and courage.

On Wednesday, Oct. 20, General Riggs sent the Second division to dislodge the tribesmen from the Dargai ridge. The position was a very strong one, the enemy occupying the summit of a precipitous hill. The top of this hill could be reached only by a single path along which the attacking force was obliged to climb in Indian file while three batteries of artillery shelled the breastworks of the hill men.

The movements of the British troops were fairly well covered, except in the case of a low dip, or small valley, from 100 to 150 yards wide, about half way up the ridge, which was exposed to direct fire from the summit of the cliffs. As the Gurkhas, supported by the Dorsetshires and Dorsetshires, reached this fire zone the top of the cliffs burst out into flame, for 1,000 tribesmen had reserved their fire until that moment. Though decimated, the Gurkhas struggled across the dip and lay down under cover for a moment in order to recover their breath. But the others could not follow and the enemy, with true military instinct, reserved their fire.

But the Gordon Highlanders had yet to be reckoned with. Rapidly forming his men, and after his now historic speech, "Men of the Gordon Highlanders: Our general says that position must be taken at all costs. The Gordon Highlanders will take it." Colonel Mathias, the commander of the Highlanders, dashed out at the head of his gallant regiment and in a moment they were across, carrying everyone with them in their onrush, storming the ridge with a resolution that was irresistible and beating down all opposition.

When Colonel Mathias gave the order to advance he and his officers leaped into the open and the pipers of the Highlanders followed, striking up "Cock of the North," and with a shout the leading company of kilted men was into the fire zone. A stream of lead swept over, through and past them, bullets churning up the dust which half hid the rushing bodies.

But the fire of the enemy was most deadly, the leading line melted away and it seemed that the Gordon Highlanders would be annihilated. More men, however, sprang into the passage and the leaders struggled across to the cover. It was there they saw how cruel the slaughter had been.

The enemy, seeing the barrier had been swept away, left their loop holes and rock barricades and fled precipitately down the reverse slopes, without waiting for the line of cold steel which was then nearly on the crest of the ridge.

LAST APPEAL

Murderer Franz's Attorneys Ask the Governor to Save His Life.

COLUMBUS, O., Nov. 16.—The attorneys for Albert Franz yesterday made the last supreme effort to save his life. Colonel R. M. Nevin and Judge Kreitzer of Dayton, pleaded with the governor, asking commutation of the sentence to life imprisonment, in spite of the refusal of the state pardon board to make such recommendation. They were followed by Prosecutor Kuntler, who opposed interference.

Rev. Franz of Dayton secured an audience with Governor Bushnell yesterday afternoon and made an appeal to him in private for the life of his son. The governor gave no intimation that he would interfere.

Retired Capitalist Assigns.

MARION, Ind., Nov. 16.—D. B. Sweetzer, a well known retired capitalist, made an assignment yesterday for the benefit of his creditors. The assets are about \$75,000, but no statement of liabilities are given. It is said Mr. Sweetzer has sufficient property to pay all claims, and that the assignment was necessary to prevent a sacrifice of property.

Sirup Trust Forming.

CHICAGO, Nov. 16.—Sirup mixers of Chicago and other cities between the Alleghenies and the Missouri river, met at the Great Northern hotel yesterday and organized the Western Sirup Refiners' association and to devise ways and means of protecting their business from utter demoralization.

Mexican Veteran Dead.

EFFINGHAM, Ills., Nov. 16.—Samuel Fortney, aged 77 years, is dead at his home in this city. He had been a resident of this county since 1838, having moved here from Tennessee. He was a veteran of the Mexican war, and had been police magistrate of this city eight consecutive years.

Detective Mullany Arrested.

SOUTH BEND, Ind., Nov. 16.—James Mullany, chief detective of the Lake Shore road, now under bond for the murder of Officer Christianson, has been arrested for supposed complicity in the Lake Shore train robberies, amounting to \$25,000.

Well Known Abolitionist.

NEW YORK, Nov. 16.—Albert Oliver Wilcox, a well known abolitionist and advocate of woman suffrage, is dead at Saratoga, N. Y., aged 87 years.

INVESTIGATING KETCHAM'S DEATH

Coroner's Verdict Will Probably Be a Victim of Alcoholism.

CHICAGO, Nov. 16.—The post mortem examination held by Dr. E. T. Hall, of the coronor's office, yesterday, on the body of John B. Ketcham, the millionaire banker who died Sunday morning, revealed the fact that death was due to chronic alcoholism, no traces of any poison being found.

An inquest will be held by the coroner sometime today and it is probable that the verdict will entirely remove the cloud from the young and beautiful widow who was married to Mr. Ketcham Sept. 4, in Milwaukee and who, by the provisions of his will, becomes heir to his estate.

The post mortem revealed the fact that the stomach, liver and kidneys were all badly diseased, the organs being reduced to a state where it appeared that recovery, or even prolongation of life was impossible.

Dr. DeVeng, the family physician, explained that the deceased had for a long time been a victim of alcoholism and against the express wishes of himself and others who took an interest in him, he drank intoxicants steadily and persistently. His death, the physician said, was expected, and at no time during the last two months would the news of his death caused him surprise.

FOOTBALL DENOUNCED.

Governor of Arkansas Says the Game Is Brutal.

LITTLE ROCK, Nov. 16.—The governor of Arkansas is the first chief magistrate to disapprove of the game of football. In a letter to President J. L. Buchanan of the State University at Fayetteville, Governor Jones takes the recent game between the Fort Smith and the State University teams as a text and strongly condemns the sport as brutal and recommends there be a stop put altogether to the playing of the game by the students of the State University. The governor is ex-officio president of the State University board of trustees.

PREACHER STABBED.

Unknown Assassin Attempts to Kill Rev. Hugo Stubbenvolt.

RACINE, Wis., Nov. 16.—Rev. Hugo Stubbenvolt, pastor of the St. Paul German Lutheran church, lies in a precarious condition at his home, the result of a stab wound in the abdomen, received from an unknown assassin.

It was the preacher's desire to keep the matter quiet but he grew worse and friends were notified, who informed the police despite the earnest protests of the minister who insisted that the matter be hushed, but for what reason he refuses to state.

SHOT BY AN OFFICER.

Willis B. Campbell Snaps a Revolver at a Policeman and Is Killed.

SHELBYVILLE, Ky., Nov. 16.—Willis B. Campbell was shot and almost instantly killed by Policeman Oscar Duncan. Campbell was an ex-policeman and a very dangerous man when drinking. He was intoxicated at the time and very boisterous, and the officer asked him to keep quiet. He pulled his pistol and snapped it at the officer's face, when the latter shot him through the heart. Campbell leaves a wife, who was formerly Miss Jimmie Bell of this county.

BURNED TO DEATH.

Mother's Vain Efforts to Save Her Child From the Same Fate.

CLINTON, Ia., Nov. 16.—Mrs. Henry Payson was burned to death here in a vain effort to save her 4-year-old daughter Amelia from the same fate. The child's clothing was ignited from a bonfire, near which she was playing, and the mother, in an effort to extinguish the flames, caught the little one in her arms and held her there until both were fatally burned.

Ill-health is the "Sword of Damocles" that hangs suspended by a slender thread over the heads of thousands of men. In the end of the century rush and crush, men forget and neglect everything but money-getting. They forget that the facility for money-getting is in the long run dependent upon a sound mind in a sound body. The man who is too busy with his business to spare a moment to look after his health, will eventually lose both health and business. A man may be in too big a hurry. The man who would be permanently successful should take time to eat, time to digest his food, time to sleep, and time to look after the most precious endowment—his health.

Dr. Pierce's Golden Medical Discovery is the best-known medicine for the overworked man or woman. It keeps the system toned up. It makes the digestion perfect, the appetite keen, and the bowels regular. It makes blood—pure, rich, life-giving blood—and lots of it. It builds flesh and muscle. It invigorates the nerves. Thousands have testified to the benefits derived from its use. Druggists sell it.

"I have used quite a number of bottles of your medicine and have received a great deal of benefit from it," writes Urban Howell, Esq., of Tallmadge, Wayne Co., Pa. "In 1884 I took six bottles of 'Golden Medical Discovery,' and it cured me of the salt-rheum that it did not break out again."

"The People's Common Sense Medical Adviser" is a well named book. It is all that its title implies. It has proved a daily help in over a million families. The book contains 1,000 pages—over 300 illustrations. (50,000 copies of this book have been sold at \$1.50 each. Now an edition, in heavy paper covers, is to be given away to whoever will send 2 cents in one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y. A copy in fine cloth binding may be had for 10 cents extra.

RESIONS FROM ELKS

Robert Fitzsimmons Tenders His Withdrawal From Marion Lodge.

GROOM STOOD THE 'SQUIRE OFF

Herbert J. Fish, Who Shot Himself In the Brain, Will Recover—Glass Works at Redkey, Ind., Burned, Causing a Loss of \$35,000—Panhandle Freight Wreck—Heirs to a Dutch Fortune.

KANSAS CITY, Nov. 16.—In a letter, which he makes public, Robert Fitzsimmons, who is playing at one of the local theaters, tenders his resignation to membership in the Marion (Ind.) lodge, B. P. O. E., into which order he was initiated recently.

"Feeling that my admission to membership has placed your lodge in a position to be criticised, no matter how unjustly," says the letter, "I offer this resignation in the hope that your friendly relations with the order may be wholly restored."

The Marion order had been suspended for receiving the champion into the fold.

FIRST ON RECORD.

Herbert J. Fish, Who Shot Himself Through the Brain Will Recover.

VALPARAISO, Ind., Nov. 16.—Herbert J. Fish, a prosperous farmer of this county, on Nov. 4, shot himself through the brain. He is alive and will get well, the physicians say. If he does it will be the first case on record. The ball, a .38-caliber, entered the skull in the right temporal region, lodging in the posterior bone wall of the left eye-socket. In its course the bullet destroyed a large amount of brain matter (the brains oozing out through the wound), destroyed the nerve of smell and cut the optic nerves, letting the eyeballs drop forward. The patient rallied from the shock and last Thursday the bullet and eyeball were removed. Yesterday Fish was able to sit up and walk around the room, and at times is rational. His physicians think he will always be weak mentally, but physically he will recover.

GLASSWORKS BURNED.

Marietta Plant at Redkey Destroyed. Loss \$35,000.

REDKEY, Ind., Nov. 16.—The Marietta glassworks was destroyed by fire yesterday. A tank under the furnace exploded and soon the plant was in flames. The inadequate fire department was helpless, the firemen being compelled to stand idle while the factory was consumed. The loss is \$35,000. The company employed 200 hands. There were several narrow escapes when the explosion occurred. The plant will be rebuilt at once.

Purdue's Trustees Meet.

INDIANAPOLIS, Nov. 16.—The board of trustees of Purdue University met at the Denison House to consider the affairs of the institution. The president was authorized to raise two or three instructors to the dignity of professors. The institution is putting in a complete sewer system and has spent \$15,000 in improvements during the year. The board accepted a gift from Lafayette of a 2,000,000-gallon pump, and President Smart reported that the new compound locomotive, costing \$8,000, had been received.

Will Drill at Paris Exposition.

ANDERSON, Ind., Nov. 16.—Commander-in-Chief Kodeski, U. R. Catholic Knights of America, is arranging to participate in the Paris exposition prize drill. Pledges have been secured from 800 knights. Indiana will be represented by one company, Chicago by another, while a third will be contributed by Illinois at large. They will enter the pontifical and semi-military prize drills of the world.

Financial Reform.

KOKOMO, Ind., Nov. 16.—Kokomo is now in the throes of financial and economic reform. The council is wrestling with the problem of reducing expenditures, paying off the city debt and buying water works. It is announced that a proposition to reduce all salaries 10 per cent will be made at the next council meeting. Kokomo's city tax rate is \$1, which is lower than that of many other cities of the same size.

Working a Double Turn.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dagdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

Dead Drugs.

Drugs cannot hold their virtue forever; they dry up and die like everything else.

You get only fresh, active drugs here. Our trade is large, we constantly supply physicians, and so our goods are kept moving and have no chance to get old. Then, we watch these things carefully, for we make a specialty of prescription work and the interests of our patrons demand the finest and freshest drugs to be had.

Bring your prescription to us and then you can feel sure about it.

W. F. PETER,
DRUGGIST.

WHY WE ARE IN The Drug Business.

We want to Please our Customers.
We want to Please the Physicians.
We want to Please Ourselves.

And that's why we are in the drug business exclusively. We make it a study; we have no time for anything else. Our stock is selected from the best the market affords. That's the best any druggist can do, great or small. But we do it.

We are especially equipped for prescription work.

No Damages

Judge Voyles has set aside the ver-
dict of the jury in the Orange Circuit
Court, awarding Mrs. Rachel Rogers of
Bloomington, \$1,000 damages against
the city of Bloomington for injuries sus-
tained by falling through a defective
sidewalk in the fall of 1892. The case
has been tried three times, once at
Bedford, and Mrs. Rogers secured a
verdict for damages, but in each
instance the Supreme Court reversed
the finding of the trial court.—Bedford

A number of railway companies will,
the coming year, introduce the practice
of paying prizes to the foreman of sec-
tion gangs which have the best track.
This method has done much to bring
the lines which pay prizes up to their
present excelent standard. Most roads
pay as first prize \$100, second \$75, third
\$50 and for the best yard \$50.

munity, without having an enemy.

It is stated that the new mogul
freight engines on the Panhandle are
developing remarkable speed. It is
not an unusual thing for these engines
on level, straight track, or when run-
ning down grade, to make a speed of
fifty miles an hour, and one of them
hauled one of the Panhandle express
trains, by actual timing, with nine cars
sixty miles an hour, which is remarka-
ble speed for locomotives built for
reight service.

John P. McLean's Great Newspaper.

Without a single exception, there is no doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; and no more successful publisher than its proprietor, Mr. John P. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to. A cheaper journal cannot afford to do this.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as in those of greater magnitude.

IN THE ANIMAL KINGDOM.

The Duration of Life Varies According to Circumstances.

Among the long lived in the animal kingdom we may mention birds, fish and reptiles, although even in the lower animals the duration of life varies immensely, according to the species. Of fish, the carp are especially long lived. Among birds, some of the parrot species are supposed to live over 100 years. The swan, the raven, the eagle, are also credited with great length of life.

In the mammalia, the elephant attains the greatest age. It grows for 25 to 30 years and is said to live from 100 to 150 years and even longer. We have no accurate means of ascertaining the whale's age. A lion is said to have lived 70 years in the Tower, but there is no evidence that he attains anything like that age in the natural state. Forty years is recorded by naturalists as the extreme age. The camel may attain the age of 50. It eats little and drinks less. The horse is comparatively a short lived animal, but it is a well known fact that when he does little work and passes the greater part of his days in pasture he may attain to about 40 years of life, but when a horse is hard worked and fed, moreover, upon leans, oats and other ossifying foods his days are much shorter.

In the vegetable kingdom the yew attains great age. Those at Fontaine Abbey are about 1,500 years old. Two orange trees at Rome, planted respectively by St. Dominic and Thomas Aquinas, are said to be from 500 to 600 years old, and there are records of tropical trees that, counting by their rings, are supposed to have attained the age of 800 to 1,000 years.—Nineteenth Century.

Mixed English.

American and English tourists who visited Ischl, in Austria, recently were confronted with the following notice on a signboard over the door of one of the hostries of the place, "To the gentlemen Englishers and Americans, here you become asses." Upon inquiry it was learned that the proprietor of the singular sign was that the proprietor of the place had donkeys to let which were used for excursions into the neighboring mountains. A much traveled cobbler, who professed to be able to master the English language, was responsible for the unique wording of the sign. He had translated the German sentence, "An die Herren Engländer und Amerikaner, hier bekommen Sie Esel," the latter four words meaning "here you can hire asses."

Patience.

Patience is a most necessary qualification for business. Many a man would rather hear his story than grant his request. You must seem to hear the unreasonable demands of the petulant unmoved and the tedious details of the dull untired. That is the least price that a man must pay for a high station.—New York Ledger.

CHURCH NOTES.

An intelligent audience was present at the Adventist Fall evening to listen to a partial review of the subject: "The Lord's Day or the Sabbath Which?" The review will be continued this evening discussing that the law was only given to Abraham and his seeds; Christ fulfilling the law thus abolishing the ten commandments, nailing it to the cross. These with other points will be noticed this evening. A cordial invitation is extended to all.

YOUNG MEN'S CHANCES.

Best Avenues to Success Are Found Outside Our Largest Cities.

"Business conditions of the great cities are not favorable to young men," writes Edward W. Bok in The Ladies' Home Journal, advising young men about to begin their careers against going to the big cities. "It is said," he continues, "that competition develops men. It does unquestionably. But to cope with present competition as it exists in the centers calls for a vast amount of experience. That experience a man must have back of him before he can enter the competing arena. But how can I better acquire that experience than where there is constant need of it? How better, my young friend? By serving a long apprenticeship in some city smaller than the greatest. The large cities are today poor places in which to learn the rudiments of business competition, for while the young man is learning the experienced man swallows him up. 'But that is experience,' persists the young man. It is, but a more severe kind than there is need of—a kind which, once indulged in, does not leave a pleasant remembrance. Competition in a smaller city may be just as keen proportionately; but, what is all important to the young man starting out, the risks are not so great, the experience is not apt to be so costly should he fail to succeed. It is a true saying that a man before he succeeds in business must expect to measure his height on the ground a time or two. But it is not necessary that in his first knockdown he should be knocked out."

"But there is another and more important fact which the young man away from the large cities does not realize. It is that the number of possible positions in the large cities is not increasing, despite the reiterated assertions constantly made to the contrary. The very opposite is the truth. Various causes explain this—higher taxes, higher prices of lots, or lack of building room, labor strikes and lower cost of production. The manufacturing interests of this country are constantly tending toward the smaller cities and away from the centers. And this means fewer positions, since only in rare instances does the executive branch of a business call for a larger number of employees than does the manufacturing side. Strange as the change of current may seem, it is nevertheless a fact that the young man who today leaves a good sized city of actual manufacturing advantages turns his back on what in a few years will be one of the industrial beehives of America."

Diamonds In an Extinct Volcano.

An interesting discovery from a geological point of view was recently made by an explorer in the mountains of Witzieshoek, Natal. On the summit of an extinct volcano, on the edge of a lake that occupies the crater, soundings revealed a layer of sand inclosing small diamonds. It would be interesting to know whether these diamonds were there accidentally—that is, as the result of washing operations carried on by the natives—or whether this discovery corresponds to an actual mine of diamonds, for the hills of Witzieshoek are not situated in regions known to be diamond bearing. On the last hypothesis the presence of precious stones in the crater of a volcano would doubtless throw some light on the formation of the gems in nature.—Genie Civil.

The Kaffirs.

The Kaffirs are great philosophers. If an ox should die, the owner never grieves, but remarks: "Now I must go to work for master (all white men who treat them well are called masters), and in six months he will give me a cow. It will have a calf. If it is a bull calf, in a year I'll have a pair of oxen, but should it be a heifer calf I'm all the richer, for the next year I'll have two calves instead of one."—New York Tribune.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the word, like the bladder was created for one purpose, and if not doctor'd too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. Senator Fairbanks Discusses Cuban Matters With the President.

FAVORS PACIFIC MEASURES.

President Anxious to Know the Prospect For Currency Legislation—Senator Harris Talks With McKinley Regarding Government Claims Against Pacific Railroads—Seal Fishery Conference.

WASHINGTON, Nov. 16.—Senator Fairbanks of Indiana and Senator Elkins of West Virginia saw the president yesterday upon matters pertaining primarily to appointments in their states, but also discussed with Mr. McKinley the probable policy of the coming session of congress. Both Senators Elkins and Fairbanks agree with the president in the matter of pacific measures regarding Cuba and Spain.

President McKinley is quite anxious to know what prospects there are for currency legislation and asks different questions which he calls for their opinion.

Senator Harris of Kansas who took a prominent part in the last session of congress against the arrangements for the sale of the Union Pacific railroad, called on the president regarding the sale of the Kansas Pacific. He said he believed the Kansas Pacific like the Union Pacific would bring the full amount of the government claim and thought as to the Central Pacific there might be some difficulty, yet he inclined to the opinion that the government would get its debt on this account also paid in full.

While pressure is still being brought to bear on the president for appointments, he is giving little time to such matters and prefers to work on his message.

It is probable that the president will make no recommendation in his message upon the subject of general arbitration. The fact that he made his views clear on that subject in his inaugural address, and that no arbitration treaty will be pending when the annual message is sent in, makes it unnecessary to say anything further on the matter at this time.

PELAGIC SEALING.

Expected That the Bering Sea Conference Will Close Today.

WASHINGTON, Nov. 16.—The British, Canadian and American delegates to the Bering sea meeting had confidently expected to bring their labors to a close yesterday, but after two arduous sessions lasting until night, the experts had not been able to reconcile all their differences. It was determined, therefore, to continue the meeting today. The experts have made good progress, reaching an agreement on all but three or four reserved propositions. These it is expected will be agreed upon today so that the expert report can be signed, and the meeting concluded so far as the experts are concerned. The intention is that General Foster, Sir Wilfrid Laurier and Sir Louis Davies will meet this evening and go over the results reported by the experts and, if possible, agree upon a basis of settlement. It was intimated last night that the Canadians might make a counter proposition, not going as far as the American representatives desire in the way of limiting pelagic sealing but yet offering a possible ground for amicable adjustment.

Report Is Believed.

WASHINGTON, Nov. 16.—No official information has been received here confirming the report cabled from Rio Janeiro that President Mornes has issued a decree declaring martial law for a period of 30 days. Nevertheless the report is credited in diplomatic circles. If there was evidence of the existence of a political conspiracy in connection with the recent attempt on the life of the president of the Brazilian republic, as the cable states, a suspension of civil rights, it is pointed out, would be necessary to accomplish the arrest of any member of the house of deputies or the senate who might be implicated in the conspiracy.

Will Not Be a Candidate For Senator.

WASHINGTON, Nov. 16.—There is no truth in the statement recently published to the effect that Secretary to the President John Addison Porter will be a candidate for the United States senate at next year's election in Connecticut. Secretary Porter declines to be interviewed on the subject but is emphatic in the assertion that under no circumstances will the use of his name be allowed in this connection.

Ex-Congressman Dead.

WASHINGTON, Nov. 16.—Ex-Congressman John M. Langston, colored, of Virginia, died here last night. He was formerly United States minister to Hayti.

ANOTHER CONTEST.

Suit Begun to Set Aside the Trust Will of the Late James A. Fair.

SAN FRANCISCO, Nov. 16.—Charles A. Fair has filed a contest of the will of the late James A. Fair, known as the trust will and dated September 21. He makes the contest independently, in accordance with an alleged agreement made with his sisters, Mrs. Herman Oelrichs and Miss Virginia Fair by the terms of which alleged agreement Charles Fair was and is protected from the loss which the trust will threatened for his heirs who should inaugurate a contest.

Judgment For \$65,000.

NEW YORK, Nov. 16.—A Brooklyn jury gave Mrs. Florence Van Schaack a verdict for \$65,000 against her father-in-law, Peter Van Schaack, for alienating her husband's affections. Peter Van Schaack is at the head of the firm of Van Schaack & Co., druggists at Chicago.

DR. EVANS DEAD.

Was a Staunch Friend of the United States During the War.

PARIS, Nov. 16.—Dr. Thomas W. Evans, the famous American dentist who facilitated the flight of ex-Empress Eugenie from Paris in 1870, died suddenly here last evening.

The French emperor, Napoleon III, was one of Dr. Evans' best friends, as well as best patient, and the American dentist, in consequence, was in favor at court. Many of the improvements undertaken by Baron Haussmann, which made Paris the pleasure capital of the world, are said to have been undertaken on the advice of Dr. Evans.

Dr. Evans remained the friend of the United States during the civil war, buying American securities when they dropped to very low points, thus backing up his statements that the confederacy could not win. The doctor's patriotism had its reward, for the securities eventually built up a large part of his fortune.

OHIO OFFICIAL COUNT.

Republicans Have Five Majority On Joint Ballot in the Legislature.

COLUMBUS, Nov. 16.—The official count of the recent election shows the senate has 17 known Republican members, 18 known Democrats, and one fusion Republican elected on the Democratic ticket in Cincinnati; total, 36. The house has 58 known Republican members, 47 known Democrats and 4 fusion Republicans elected on the Democratic ticket in Cincinnati; total, 109. On joint ballot the Republicans have five majority. If they get the fusion Republicans the majority will be 11. Of the known Republicans three have declined to say how they will vote for United States senator. The Hanna men claim all of the other known Republicans which, if the claim is well founded, would give Mr. Hanna a majority of two on a joint ballot.

BLUE AND THE GRAY.

They Ate Out of the Same Haversack at the Chattanooga Campfire.

CHATTANOOGA, Tenn., Nov. 16.—Last night the Pennsylvania veterans who came here to dedicate their monuments to the memory of their heroism were entertained at a campfire at the city auditorium prepared by the local G. A. R. and confederate veterans. The blue and the gray mingled freely and ate out of the same haversack, drank from the same canteen and told yarns until the wee sma' hours.

The veterans left for their homes today delighted with the hospitality they received from the people of this section.

NATIONAL GRANGE.

Secretary Wilson to Address That Body Tomorrow.

HARRISBURG, Nov. 16.—At the session of the National Grange yesterday, Oliver Wilson of Illinois offered a resolution directing the worthy master to invite Secretary of Agriculture Wilson to address the body during its present convention. A telegram was sent to Secretary Wilson and he replied, stating that he would address the National Grange tomorrow.

The financial report of the executive committee showed that the per cent permanent invested funds amount to \$52,313.42, an increase of \$1,503.92.

Congress General Lee Calls on Blanco.

HAVANA, Nov. 16.—Consul General Fitzhugh Lee paid off the visits yesterday to Marshal Blanco, the governor general; General Pando (who has been assigned by Marshal Blanco to conduct the military operations in the field) and Senor Jose Congosto, the new secretary of Cuba. He was courteously received by all and, according to the official account, subsequently expressed himself as well satisfied with the results of the interviews.

Knights of Labor Memorial Day.

LOUISVILLE, Nov. 16.—Yesterday the general assembly of the Knights of Labor voted unanimously to set apart the last Sunday in June as Labor Memorial day. This day will be observed by all the district assemblies in the United States. It was expressly stated that the day should not be regarded in the light of a holiday. It was fixed upon Sunday especially because it could not be made a holiday with its attendant festivities.

New Cases of Yellow Fever.

JACKSON, Miss., Nov. 16.—One new case of yellow fever at Clinton and three new cases at Edwards and one death is the report received by the state board of health yesterday. No new cases or deaths are reported at the other infected points in the state. There were three new cases at Mobile.

Weather.

Indiana.—Clearing and cooler, with a decided fall in temperature in southern portion.

Ohio.—Rain, decidedly cooler.

DARGAI RIDGE FIGHT

Bloody Battle Between English Soldiers and Tribemen.

GORDON HIGHLANDERS' PLUCK

Soldiers Moved Down In Their Attempt to Scale the Precipitous Ridge—Caught In a Dip and Shot From a Thousand Feet—The Enemy Finally Routed.

LONDON, Nov. 16.—The newspapers of this city have received graphic details by mail of the recapture of Dargai Ridge by the Gordon Highlanders on Oct. 20, during which that regiment exhibited remarkable dash and courage.

On Wednesday, Oct. 20, General Riggs sent the Second division to dislodge the tribesmen from the Dargai ridge. The position was a very strong one, the enemy occupying the summit of a precipitous hill. The top of this hill could be reached only by a single path along which the attacking force was obliged to climb in Indian file while three batteries of artillery shelled the breastworks of the hill men.

The movements of the British troops were fairly well covered, except in the case of a low dip, or small valley, from 100 to 150 yards wide, about half way up the ridge, which was exposed to direct fire from the summit of the cliffs. As the Gurkhas, supported by the Dorsetshires and Dorsetshires, reached this fire zone the top of the cliffs burst into flame, for 1,000 tribesmen had reserved their fire until that moment. Though decimated, the Gurkhas struggled across the dip and lay down under cover for a moment in order to recover their breath. But the others could not follow and the enemy with true military instinct, reserved their fire.

But the Gordon Highlanders had yet to be reckoned with. Rapidly forming his men, and after his now historic speech, "Men of the Gordon Highlanders: Our general says that position must be taken at all costs. The Gordon Highlanders will take it," Colonel Mathias, the commander of the Highlanders, dashed out at the head of his gallant regiment and in a moment they were across, carrying everyone with them in their crush, storming the ridge with a resolution that was irresistible and beating down all opposition.

When Colonel Mathias gave the order to advance he and his officers leaped into the open and the pipers of the Highlanders followed, striking up "Cook of North" and with a shout the leading company of killed men was into the fire zone. A stream of lead swept over, through and past them, bullets churning up the dust which half hid the rushing bodies.

But the fire of the enemy was most deadly, the leading line melted away and it seemed that the Gordon Highlanders would be annihilated. More men, however, sprang into the passage and the leaders struggled across to the cover. It was there they saw how cruel the slaughter had been.

The enemy, seeing the barrier had been swept away, left their loop holes and rock barricades and fled precipitately down the reverse slope, without waiting for the line of cold steel which was then nearly on the crest of the ridge.

LAST APPEAL.

Murderer Franz's Attorneys Ask the Governor to Save His Life.

COLUMBUS, O., Nov. 16.—The attorneys for Albert Franz yesterday made the last supreme effort to save his life. Colonel R. M. Nevin and Judge Kreitzer of Dayton, pleaded with the governor, asking commutation of the sentence to life imprisonment, in spite of the refusal of the state pardon board to make such recommendation. They were followed by Prosecutor Krumler, who opposed interference.

Rev. Franz of Dayton secured an audience with Governor Bushnell yesterday afternoon and made an appeal to him in private for the life of his son. The governor gave no intimation that he would interfere.

Retired Capitalist Assigns.

MARION, Ind., Nov. 16.—D. B. Sweetser, a well known retired capitalist, made an assignment yesterday for the benefit of his creditors. The assets are about \$75,000 but no statement of liabilities are given. It is said Mr. Sweetser has sufficient property to pay all claims, and that the assignment was necessary to prevent a sacrifice of property.

Sirup Trust Forming.

CHICAGO, Nov. 16.—Sirup mixers of Chicago and other cities between the Alleghenies and the Missouri river, met at the Great Northern hotel yesterday and organized the Western Sirup Refiners' association and to devise ways and means of protecting their business from utter demoralization.

Mexican Veteran Dead.

EFFINGHAM, Ills., Nov. 16.—Samuel Fortney, aged 77 years, is dead at his home in this city. He had been a resident of this county since 1883, having moved here from Tennessee. He was a veteran of the Mexican war, and had been police magistrate of this city eight consecutive years.

Detective Mullany Arrested.

SOUTH BEND, Ind., Nov. 16.—James Mullany, chief detective of the Lake Shore road, now under bond for the murder of Officer Christianson, has been arrested for supposed complicity in the Lake Shore train robberies, amounting to \$25,000.

Well Known Abolitionist.

NEW YORK, Nov. 16.—Albert Oliver Wilcox, a well known abolitionist and advocate of woman suffrage, is dead at Saratoga, N. Y., aged 87 years.

INVESTIGATING KETCHAM'S DEATH

Coroner's Verdict Will Probably Be a Victim of Alcoholism.

CHICAGO, Nov. 16.—The post mortem examination held by Dr. E. T. Hall, of the coronor's office, yesterday, on the body of John B. Ketcham, the millionaire banker who died Sunday morning, revealed the fact that death was due to chronic alcoholism, no trace of any poison being found.

An inquest will be held by the coroner sometime today and it is probable that the verdict will entirely remove the cloud from the young and beautiful widow who was married to Mr. Ketcham Sept. 4, in Milwaukee and who, by the provisions of his will, becomes heir to his estate.

The post mortem revealed the fact that the stomach, liver and kidneys were all badly diseased, the organs being reduced to a state where it appeared that recovery, or even prolongation of life was impossible.

Dr. DeVeng, the family physician, explained that the deceased had for a long time been a victim of alcoholism and against the express wishes of himself and others who took an interest in him, he drank intoxicants steadily and persistently. His death, the physician said, was expected, and at no time during the last two months would the news of his death caused him surprise.

FOOTBALL DENOUNCED.

Governor of Arkansas Says the Game Is Brutal.

LITTLE ROCK, Nov. 16.—The governor of Arkansas is the first chief magistrate to disapprove of the game of football. In a letter to President J. L. Bachman of the State University at Fayetteville, Governor Jones takes the recent game between the Fort Smith and the State University teams as a text and strongly condemns the sport as brutal and recommends there be a stop put altogether to the playing of the game by the students of the State University. The governor is ex-officio president of the State University board of trustees.

PREACHER STABBED.

Unknown Assassin Attempts to Kill Rev. Hugo Stuebenvoll.

RACINE, Wis., Nov. 16.—Rev. Hugo Stuebenvoll, pastor of the St. Paul German Lutheran church, lies in a precarious condition at his home, the result of a stab wound in the abdomen, received from an unknown assassin. It was the preacher's desire to keep the matter quiet but he grew worse and friends were notified, who informed the police despite the earnest protests of the minister who insisted that the matter be hushed, but for what reason he refuses to state.

SHOT BY AN OFFICER.

Willis B. Campbell Shaps a Revolver at a Policeman and Is Killed.

SHELBYVILLE, Ky., Nov. 16.—Willis B. Campbell was shot and almost instantly killed by Policeman Oscar Duncan. Campbell was an ex-policeman and a very dangerous man when drinking. He was intoxicated at the time and very boisterous, and the officer asked him to keep quiet. He pulled his pistol and snapped it at the officer's face, when the latter shot him through the heart. Campbell leaves a wife, who was formerly Miss Jimmie Bell of this county.

BURNED TO DEATH.

Mother's Vain Efforts to Save Her Child From the Same Fate.

CLINTON, Ia., Nov. 16.—Mrs. Henry Payson was burned to death here in a vain effort to save her 4-year-old daughter Amelia from the same fate. The child's clothing was ignited from a bonfire, near which she was playing, and the mother, in an effort to extinguish the flames, caught the little one in her arms and held her there until both were fatally burned.

Ill-health is the "Sword of Damocles"

That hangs suspended above the heads of the thousands of men. In the end-of-the-century rush and crush, men forget and neglect everything but money-getting. They forget that the facility for money-getting is in the long run dependent upon a sound mind in a sound body. The man who is too busy with his business to spare a moment to look after his health, will eventually lose both health and business. A man later on makes himself pure, rich, life-giving blood—and lots of it. It builds flesh and muscle. It invigorates the nerves. Thousands have testified to the benefits derived from its use. Druggists sell it.

"I have used quite a number of bottles of your medicine and have received a great deal of benefit from them," writes Urban Howell, Esq., of Tallmadge, Wayne Co., Pa. "In 1881 I took six bottles of Golden Medical Discovery, and it cured me of the salt-rheum so that I did not break out again."

"The People's Common Sense Medical Adviser" is a well named book. It is all that its title implies. It has proved a daily help in over a million families. The book contains 1,000 pages—over 300 illustrations. 650,000 copies of this book have been sold at \$1.50 each. Now an extra copy in heavy paper covers is to be given away to whoever will send 2 cents in one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y. A copy in fine cloth binding may be had for 10 cents extra.

RESIGNS FROM ELKS

Robert Fitzsimmons Tenders His Withdrawal From Marion Lodge.

GROOM STOOD THE 'SQUIRE OFF

Herbert J. Fish, Who Shot Himself In the Brain, Will Recover—Glass Works at Redkey, Ind., Burned, Causing a Loss of \$35,000—Panhandle Freight Wreck—Heirs to a Dutch Fortune.

KANSAS CITY, Nov. 16.—In a letter, which he makes public, Robert Fitzsimmons, who is playing at one of the local theaters, tenders his resignation to membership in the Marion (Ind.) lodge, B. P. O. E., into which order he was initiated recently.

"Feeling that my admission to membership has placed your lodge in a position to be criticised, no matter how unjustly," says the letter, "I offer this resignation in the hope that your friendly relations with the order may be wholly restored."

The Marion order had been suspended for receiving the champion into the fold.

FIRST ON RECORD.

Herbert J. Fish Who Shot Himself Through the Brain Will Recover.

VALPARAISO, Ind., Nov. 16.—Herbert J. Fish, a prosperous farmer of this county, on Nov. 4, shot himself through the brain. He is alive and will get well, the physicians say. If he does it will be the first case on record. The ball, a .38-caliber, entered the skull in the right temporal region, lodging in the posterior bone wall of the left eye-socket. In its course the bullet destroyed a large amount of brain matter (the brains oozing out through the wound), destroyed the nerve of smell and cut the optic nerves, letting the eyeballs drop forward. The patient rallied from the shock and last Thursday the bullet and eyeball were removed. Yesterday Fish was able to sit up and walk around the room, and at times is rational. His physicians think he will always be weak mentally, but physically he will recover.

GLASSWORKS BURNED.

Marietta Plant at Redkey Destroyed. Loss \$35,000.

REDKEY, Ind., Nov. 16.—The Marietta glassworks was destroyed by fire yesterday. A tank under the furnace exploded and soon the plant was in flames. The inadequate fire department was helpless, the firemen being compelled to stand idle while the factory was consumed. The loss is \$35,000. The company employed 200 hands. There were several narrow escapes when the explosion occurred. The plant will be rebuilt at once.

Purdue's Trustees Meet.

INDIANAPOLIS, Nov. 16.—The board of trustees of Purdue University met at the Denison House to consider the affairs of the institution. The president was authorized to raise two or three instructors to the dignity of professors. The institution is putting in a complete sewer system and has spent \$15,000 in improvements during the year. The board accepted a gift from Lafayette of a 2,000-gallon pump, and President Smart reported that the new compound locomotive, costing \$8,000, had been received.

Will Drill at Paris Exposition.

ANDERSON, Ind., Nov. 16.—Commander-in-Chief Kodeski, U. R. Catholic Knights of America, is arranging to participate in the Paris exposition prize drill. Pledges have been secured from 300 knights. Indiana will be represented by one company, Chicago by another, while a third will be contributed by Illinois at large. They will enter the pontifical and semi-military prize drills of the world.

Financial Reform.

KOKOMO, Ind., Nov. 16.—Kokomo is now in the throes of financial and economic reform. The council is wrestling with the problem of reducing expenditures, paying off the city debt and buying water works. It is announced that a proposition to reduce all salaries 10 per cent will be made at the next council meeting. Kokomo's city tax rate is \$1, which is lower than that of many other cities of the same size.

Working a Double Turn.

BRAZIL, Ind., Nov. 16.—The Central Iron and Steel company yesterday put on a double turn in nearly all of its departments, giving employment to a large number of men. This is the first time for over three years that a double turn has been worked.

Heirs to a Dutch Fortune.

WARSAW, Ind., Nov. 16.—Dr. I. B. Webber and Township Trustee Selden Webber of this city have fallen heir to \$40,000 each. The estate is that of the late Jan Webber, a wealthy merchant of Antwerp, Holland.

Panhandle Freight Wreck.

HEBRON, Ind., Nov. 16.—A Panhandle freight wreck occurred yesterday between here and Aylesworth, several cars jumping the track. The wreck was ignited and the caboose was burned. The conductor and brakemen escaped.

Child Burned to Death.

SHELBYVILLE, Ind., Nov. 16.—Phyllis Scripture, a farmer, built a fire to butcher hogs yesterday and while in the house, his 2-year-old daughter fell into the flames and was burned to death.

Sold His Newspaper.

COVINGTON, Ind., Nov. 16.—Thomas A. Clifton, has sold the Covington Republican to Clarence Case, formerly of the Attica News.

Thanksgiving Day.

INDIANAPOLIS, Nov. 16.—Governor Mount has issued his proclamation appointing Nov. 25 as Thanksgiving day.

Royal makes the food pure, wholesome and delicious.

Missing Mother.

LEXINGTON, Ky., Nov. 16.—Mrs. Belle Graham, aged 35, is mysteriously missing. She is the mother of two daughters, aged 15 and 17, respectively, who have for three weeks diligently searched the city for her. They have applied to the police for aid. Mrs. Graham is rather comely, has auburn hair, blue eyes and weighs about 130 pounds. Her daughters believe that she has been foully dealt with.

Lynched the State's Witnesses.

BISMARCK, N. D., Nov. 16.—An interesting legal question is presented by the lynching of three of the Spoor murderers. Two of the men, Holytrack and Ireland, were the state's witnesses, and without their testimony the state has no case against the two surviving suspects, Blackhawk and Defender. There is, therefore, now no possibility of convicting them before any tribunal.

Big Hotel Deal.

HOT SPRINGS, Ark., Nov. 16.—At a meeting of the directors of the Eastman Hotel company yesterday, recent negotiations for the transfer of this property to the same parties that control the Arlington hotel were ratified. The deal involves \$750,000. It was decided to open the Eastman about Jan. 15 and to keep the Arlington open the year round.

Tax Inquisitor at Work.

TOLEDO, Nov. 16.—Tax Inquisitor McFarland has begun action against the Woolson Spice company, filing a citation with the county auditor in behalf of the county to recover taxes on between \$800,000 and \$900,000 in credits and cash, which has not been listed for taxation. The taxes will amount to between \$90,000 and \$150,000.

Against Football.

CHICAGO, Nov. 16.—Alderman Plotke, author of the ordinance compelling women to remove their hats in theaters, introduced an ordinance in the council to abolish football in the city limits. It was placed on file by a vote of 57 to 3. The alderman tried to make a fight for his measure, but was jeered into his seat.

Suicide.

An English statistician says there is not much of a psychological mystery in the fact that so many more people commit suicide in summer than in winter, and he does not think that the difference is in any large measure due to the direct effect of cold upon human minds and bodies. It must be borne in memory, he says, that drowning is the commonest method of self destruction and resort to it is difficult or impossible when rivers and ponds are covered with ice. This accounts for a part of the decrease. Another part is explained by the circumstance that in cold weather people live more in association, and there is thus less opportunity for committing suicide. He does not think, however, that it is possible to explain the matter wholly without reference to the depressing effects of cold on the nervous system and the exciting effects of heat. It requires some energy and determination to commit suicide, and this is lacking in a person suffering from extreme cold. All these considerations working together, the result is that many people endure through the winter a life which they have ceased to value and throw it away when the season comes in which the material difficulties in the way of continued existence are at their minimum.

All the Same.

At one of our large north country churches recently a fashionably dressed lady happened to go into one of the private pews.

The verger, who is known to be a very stern old chap, immediately bustled up to her and said:

"I'm afraid, miss, you'll ha'e to cum out o' that. This is a paid pew."

"Sir," said the young lady, turning sharply round, "do you know who I am? I'm one of the Fives."

"I dinna care," said the old man, "if you are the big drum, you'll ha'e to cum out."

Chronic Dyspepsia Cured.

After suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent relief. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

The five boys who were found guilty in Justice Simon's court for disturbing a religious meeting, are old enough to know better. They had been cautioned time after time to cease their obnoxious conduct about the church, but did not heed the advice given them. Therefore, they must take the consequences as violators of the law.

The Columbus people are already busily engaged making preparations for the G. A. R. encampment next summer. They realize that the entertainment of so many people is a great undertaking, but they expect to be equal to the demands. The several committees appointed are composed of men who can be relied upon to give faithful and intelligent service.

FOR THANKSGIVING.

Governor Mount Issues His Annual Proclamation.

Governor Mount yesterday issued the following Thanksgiving:

"The past year has been signally crowned with loving kindness and tender mercies. Abundant crops and improved prices reward the husbandman. Labor now finds remunerative employment. The fires are burning brightly in the furnaces of industry. The wheels of commerce are in ceaseless motion. Returning confidence and business improvement are everywhere manifest. The rattle of reapers, heard in fertile fields, has been echoed by the whirl of wheels in busy factories, thus emphasizing the important lesson of mutual dependence and strengthening the bonds of good will and concord. A philanthropic spirit abides with our people. The cause of education which is the anchor of safety to a government of the people, is continually being elevated to a higher standard of excellence. Health prevails, smiling plenty abounds and hope animates our citizens. The spirit of charity inspires the hearts of our people to greater zeal in their efforts to mitigate suffering, relieve distress, prevent crime, reform the fallen, provide homes for the homeless; in short, to lift up humanity, to make life happier, homes brighter and the world brighter.

"For all these temporal mercies, and for the Christlike spirit that inspires to deeds of love, we should render a tribute of thanksgiving and praise to Almighty God for His manifold blessings.

"That we may appropriately acknowledge our gratitude to Him who has so abundantly blessed us, therefore,

"I, James A. Mount, Governor of Indiana, do hereby designate Thursday, Nov. 25, 1897, as a day of thanksgiving and prayer, to be observed in the homes and in places of public worship by such services as will fittingly express the debt of gratitude we owe to the author of all our mercies.

"On this day of public rejoicing let us by deeds of love make glad the hearts and homes of the needy, for 'It is more blessed to give than to receive.'"

The bridegroom is a mere stripling, can not write, and had to make "his mark" on the marriage record. At the close of the ceremony the bridegroom said: "Well 'Squire, guess I'll have to stand you off a few days till I get paid for shuckin' corn." The "laugh was on" the 'squire, who is now willing to sell his chances at a liberal discount.

LODGE BENEFITS.

New Jersey Decision of Interest to Beneficial Orders.

TRENTON, N. J., Nov. 16.—The court of errors and appeals has rendered an opinion of general importance to beneficial organizations. The court affirms the supreme courts in the case of the Roxbury lodge, I. O. O. F. against William Hocking. When Hocking joined the Roxbury lodge the sick benefits were \$3 a week for an indefinite period. Subsequently they were changed to \$5 a week for 26 weeks and \$1 a week thereafter. Hocking was sick for a long time and sought to recover \$3 a week for the period. The court decided in his favor and laid down the principle that the benefits which the lodge rules provided for at the time of a member joining were in the nature of a contract and could not be changed without the member's consent.

No Damages

Judge Voyles has set aside the verdict of the jury in the Orange Circuit Court, awarding Mrs. Rachel Rogers of Bloomington, \$1,000 damages against the city of Bloomington for injuries sustained by falling through a defective sidewalk in the fall of 1892. The case has been tried three times, once at Bedford, and Mrs. Rogers secured a verdict for damages, but in each instance the Supreme Court reversed the finding of the trial court.—Bedford Mail.

It is stated that the new mogul freight engines on the Panhandle are developing remarkable speed. It is not an unusual thing for these engines on level, straight track, or when running down grade, to make a speed of fifty miles an hour, and one of them hauled one of the Panhandle express trains, by actual timing, with nine cars sixty miles an hour, which is remarkable speed for locomotives built for freight service.

CHURCH NOTES.

An intelligent audience was present at the Adventist Lall last evening to listen to a partial review of the subject: "The Lord's Day or the Sabbath Which?" The review will be continued this evening discussing that the law was only given to Abraham and his seeds; Christ fulfilling the law thus abolishing the ten commandments, nailing it to the cross. These with other points will be noticed this evening. A cordial invitation is extended to all.

YOUNG MEN'S CHANCES.

Best Avenues to Success Are Found Outside Our Largest Cities.

"Business conditions of the great cities are not favorable to young men," writes Edward W. Bok in The Ladies' Home Journal, advising young men about to begin their careers against going to the big cities. "It is said," he continues, "that competition develops men. It does unquestionably. But to cope with present competition as it exists in the centers calls for a vast amount of experience. That experience a man must have back of him before he can enter the competing arena. But how can I better acquire that experience than where there is constant need of it? How better, my young friend? By serving a long apprenticeship in some city smaller than the greatest. The large cities are today poor places in which to learn the rudiments of business competition, for while the young man is learning the experienced man swallows him up. 'But that is experience,' persists the young man. It is, but a more severe kind than there is need of—a kind which, once indulged in, does not leave a pleasant remembrance. Competition in a smaller city may be just as keen proportionately; but, what is all important to the young man starting out, the risks are not so great, the experience is not apt to be so costly should he fail to succeed. It is a true saying that a man before he succeeds in business must expect to measure his height on the ground a time or two. But it is not necessary that in his first knockdown he should be knocked out."

"But there is another and more important fact which the young man away from the large cities does not realize. It is that the number of possible positions in the large cities is not increasing, despite the reiterated assertions constantly made to the contrary. The very opposite is the truth. Various causes explain this—higher taxes, higher prices of lots, or lack of building room, labor strikes and lower cost of production. The manufacturing interests of this country are constantly tending toward the smaller cities and away from the centers. And this means fewer positions, since only in rare instances does the executive branch of a business call for a larger number of employees than does the manufacturing side. Strange as the change of current may seem, it is nevertheless a fact that the young man who today leaves a good sized city of actual manufacturing advantages turns his back on what in a few years will be one of the industrial beehives of America."

Diamonds In an Extinct Volcano. An interesting discovery from a geological point of view was recently made by an explorer in the mountains of Witzies Hook, Natal. On the summit of an extinct volcano, on the edge of a lake that occupies the crater, soundings revealed a layer of sand inclosing small diamonds. It would be interesting to know whether these diamonds were there accidentally—that is, as the result of washing operations carried on by the natives—or whether this discovery corresponds to an actual mine of diamonds, for the hills of Witzies Hook are not situated in regions known to be diamond bearing. On the last hypothesis the presence of precious stones in the crater of a volcano would doubtless throw some light on the formation of the gems in nature.—Genie Civil.

The Kaffirs are great philosophers. If an ox should die, the owner never grieves, but remarks: "Now I must go to work for master (all white men who treat them well are called masters), and in six months he will give me a cow. It will have a calf. If it is a bull calf, in a year I'll have a pair of oxen, but should it be a heifer calf I'll have the richer, for the next year I'll have two calves instead of one."—New York Tribune.
